“Life isn’t about getting and having, it’s about giving and being”

- Kevin Kruse
Our mission

Dhishna aims to honour every technological marvel brought about our way, and fuel the fire in every person, to innovate and achieve together, a better world, unified by the strong forces of science and technology.
HISTORY

Dhishna has its origin from Xplendor, the annual tech-fest of SOE, CUSAT held in 2010. From technical workshops to techniques, from hackathons to musical nights, Xplendor touched all spheres of a student’s life. Although the first of its kind, it opened gateways for students to showcase their technical skills and talents.

In the very first year of its inception, it attracted over 3000 students from over 30 colleges in India with students sharing prizes of over 2 lakhs! In its sophomore year, Xplendor was revamped and given the new name DHISHNA – an intellect so pure and undiluted that it moulds a budding generation to be better thinkers and achievers.
ABOUT

“One idea. One spark. One flame. And that ignites a whole community.”

A myriad of events, mind boggling games, a cornucopia of challenges and competitions, exciting prizes and above all, an adventure that shouldn’t be missed! The 7 specialized branches of SOE, CUSAT merge together their talents, resources and hard work, the building blocks for Dhishna. A battle of intellect, pure and untainted, in today’s adulterated world. Breaking the usual method of studies confined to textbooks, we aim to take learning to a whole new level. The perfect platform to launch your rockets, encompass your minds and explore the different niches of technology. We require your support as a sponsor in making Dhishna a memorable experience for everyone. We hope that our partnership can help in building a better tomorrow. We sincerely believe that our alliance will help both of us in achieving new heights. We present to you, Dhishna.
OUR MILESTONES

“Coming together is a beginning; keeping together is progress; working together is success.”
-Henry Ford

PRE EVENTS

“Aim for the sky, but move slowly, enjoying every step along the way. It is all those little steps that make the journey complete.”

– Chanda Kochhar
LOGO LAUNCH

Dhishna thrives on, its legacy carried forward by the next torch bearers who kicked of this year’s events with a logo launch– brought before a crowd of un-precedented magnitude as a pro show! The launch was a perfect blend of technology and culture that sent the audience humming along with every beat. Hundreds beared witness to a Techno cultural extravaganza as a legion of proud CUSAT-ians rewrote history by throwing a launch that marked the beginning of the Infinite Odyssey.

Dhishna 2020 -- no one parties the way we do!
MISSION 100,000ft

High altitude sounding balloons are sent by weather stations across the globe at huge expenditure for the analysis of atmospheric parameters, eventually the balloon bursts and they lose the instruments and the transmitter. For the first time, we are designing a Payload Retrieval Vehicle (PRV) which will safely bring back the instruments. We plan to showcase this technology in a grand way at our 2020 Tech Fest, Dhishna, by launching a balloon along with Advanced Centre for Atmospheric Radar Research (ACARR) with our craft in tow and allowing it to land back near our ST Radar.

INNOVATOR’S SUMMIT

With students from the top engineering institutions and top-notch schools all over the country collect together for this mega one-day summit, with mentorship and guidance from industry experts, Innovators summit is bound to be the place for all the tech-enthusiasts and aspiring entrepreneurs, to learn, grow and collaborate. Brace your- selves for what is going to be the most exhilarating expe- rience where all gather together at the same place, same time, and with the same endeavour.
Dhishna 2020 has a stellar social media presence boasting over 9000 followers on Facebook, a whooping 3200 Instagram followers and 4300 Subscribers on YouTube while we have also started to expand into LinkedIn and Twitter. By choosing to band together with Dhishna, the voice of your brand will have a massive audience and will capture the attention of many.
