

SCHOOL OF ENGINEERING

COCHIN UNIVERSITY OF SCIENCE AND TECHNOLOGY

National Webinar on

TEQIP III

NEP 2020 : Implementation and Implications in HEI

About the webinar

National Education Policy (NEP) 2020 has a new holistic vision for India's Higher Education System. The liberal education concept aims to explore the remarkable relationship between science and humanities, mathematics and art, medicine and physics and in general the surprising unity of all fields of human endeavor. The rich heritage of ancient and eternal Indian knowledge and thought is the guiding light for this Policy.

In this scenario, School of Engineering, CUSAT is organizing a national webinar on **NEP 2020 : Implementation and Implications**, under TEQIP Phase III. In addition to the knowledge sharing by eminent resource persons it is also proposed to hold thematic discussions aiming fruitful recommendations for a better implementation of the policy in the higher education sector.

We welcome all esteemed faculty colleagues to join us in this webinar to understand, analyze and orient ourselves for this new future which is the key to India's continued ascent, and leadership on the global stage.

Chief Guest and Key Note Speaker

Prof. (Dr.) Sabu Thomas

*Hon. Vice Chancellor
Mahatma Gandhi University*

Plenary Sessions

Prof. (Dr.) K S Beena

*Member Syndicate,
Dean, Faculty of Engineering, CUSAT*

Prof. (Dr.) Ravindra D Gudi

*Dept. of Chemical Engineering
IIT Bombay*

Prof. (Dr.) Anil K Choudhary

*Dept. of Civil Engineering
NIT Jamshedpur*

Date:
25th FEBRUARY 2021

Time:
8.45am to 5.00 pm
